

K-LOVE has been more than a radio station to millions of listeners, it has been life-changing, encouragement. To be able to turn on the radio and not worry about the lyrics or the conversation by the DJs is incredibly comforting to me as a mother of a 3-year-old and a 4-year-old.

Providing other programming, especially in our area, would be completely detrimental to our community. The music, news, and entertainment provided by K-Love is focused on values that can be instilled in children which can make them consider choices they make in a different light rather than what mainstream radio may condone. It is in the public's best interest to continue to broadcast K-Love in as many areas as possible because this station has been a lifeline to our family especially, as we are military and can feel close to our homes just by knowing we are listening to the same radio station. It's definitely encouraging to the community, the military and the public as a whole.

I pray you will continue to broadcast K-Love in as many cities as possible. Thank you.
